

When Seconds Count...

Inclement Weather

Missing Child

Maintenance Issue

Intruder

Community Threat

Is Your Campus Prepared...

- ✓ To respond quickly to these unexpected events?
- ✓ To know at a glance who has acknowledged the impending event?
- ✓ To send emergency notifications to multiple devices simultaneously?
- ✓ To receive quick updates from teachers during a lockdown?
- ✓ To measure awareness and response times for routine drills?

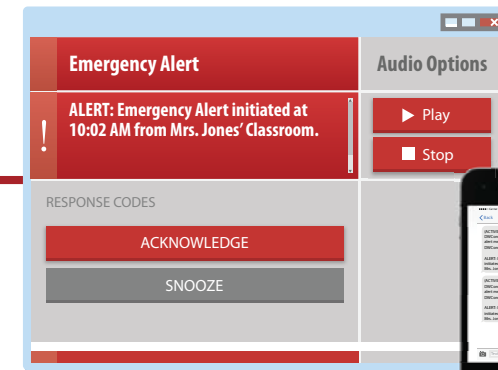

01

Teachers and staff are one click away from informing those who need to know about the event first: security and administration.

Emergency Alert

KNOW

(ACTIVE Event from DWConnect) This is an alert message from DWConnect

ALERT: Emergency Alert initiated at 10:02 AM from Mrs. Jones' Classroom

02

Upon receipt of the message, those in charge can quickly issue a lockdown event with a simple click that goes out to multiple devices both on and off site.

UPDATE

When seconds count... ASSURECOM

INFORM

CONFIRM

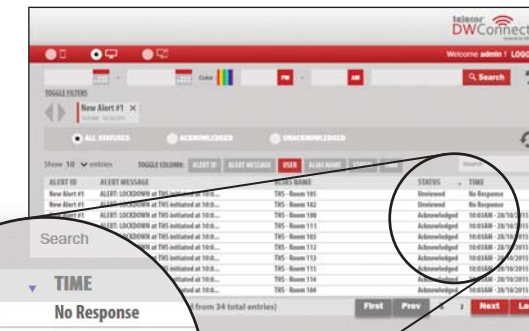

04

Staff can continue to send updates to security with one-touch message access that is received on multiple devices. These updates are invaluable to first responders.

03

Security and first responders can continue to supervise the status of all areas and stay informed of changes or updates from staff by watching the AssureCom Event Management Interface. Let AssureCom monitor classroom status instead of sending personnel.

ANALYZE

ASSURECOM PROMOTES IMPROVEMENT

AssureCom is an invaluable training tool for you to use in routine drills and our constantly updated Event Management Interface will help your security and administration personnel identify areas for improvement.

Parents

Peace of mind that technology is in place to help manage a crisis situation

Students

Assurance that their school environment has a seamless process for effectively communicating and keeping those in charge constantly informed

Teachers & Staff

Confidence they can quickly inform those in charge of an unexpected situation without leaving their classroom and the students in their care

THE ASSURECOM IMPACT

Security & Administration

Management of an unexpected event from one dynamic user interface that will integrate with systems already in place

Budgets

Assurance that new technology will integrate with systems in place - no need to rip and replace

First Responders

Reliable two-way communication capabilities with constant updates from areas of concern

At Telecor, we have been in the business of providing leading communication technology to schools for over 35 years. We can't prevent a crisis situation in our schools but we can help you **KNOW** the situation is present, **INFORM** those around you, and **CONFIRM** they have taken action.

Call your Telecor Representative today and learn more about how AssureCom will work for your school and remove the guesswork in a crisis... because seconds count.
